

Floor Tape

Using the wrong tape can cost you!

SAVE TIME AND MONEY BY USING THE PROPER FLOOR TAPE!

We would like to take this opportunity to remind all exhibitors that it is your responsibility to remove any flooring adhesive (namely carpet tape) at the end of the show.

The approved carpet masking tape is **Echo tape**. Have you ever noticed how easily the aisle carpet is removed at the end of the show? The show providers only use **Echo tape** for the booth and aisle carpet. ECHO DC-W18FF is an extremely effective double-sided, removable carpet tape, with a strong adhesive that won't leave behind residue. The carpet tape is ideal for professionals who manage trade shows, conventions, and other large events that require carpeting and other types of temporary flooring to be quickly laid down and then easily removed.

- Strong holding power
- Adheres well to a variety of surfaces
- Removes cleanly after aging
- Improves overall productivity

**Echo is available at the Freeman service desk on site.
The 2024 price is \$27.30 per roll**
