**Why are we doing this?**

We've had conversations with your fellow Spring 2025 Toronto Gift + Home Market exhibitors and they have expressed an interest in attracting Buyers to the show on Saturday. As a result, we are pleased to announce this new pilot program.

## Program Details

Exhibitors who wish to participate are welcome to open their booths on **Saturday, January 25 by appointment only (between 10 a.m & 4 p.m.)**, and host their VIPs pre-show, before the Toronto Gift + Home Market officially opens on Sunday January, 26, 2025.

This is not a general opening for all Buyers. You will determine who you wish to invite to your booth. The program will not be advertised to retailers directly by the Toronto Gift + Home Market or CanGift.

[Would you like to participate? Click here and RSVP before December 2nd »](#)

- Exhibitors who let us know they would like to participate will receive a digital invitation from CanGift that they can forward to their retail guests. You are welcome to use this invitation to schedule your VIP appointments.
- By January 17, 2025, participating exhibitors will need to provide CanGift with their VIP list (including company name, first and last names of people attending, and scheduled time of arrival). We will ensure that everyone on your list gets registered and receives their show badge. If they do not register, we will take care of that prior to arrival. Please note we require advance notice of any buyer you have invited to participate in VIP Saturday for safety & security reasons.
- Food services, coat check and shuttle buses will not be available on Saturday.

## Something important to note!

Your staff will be responsible for meeting your VIP Buyers at the West Registration Entrance at the front of Hall 2 and escorting them directly to your booth. Note this will be the only entrance open for buyers to enter and leave the building.

Your staff will be responsible for walking your guest(s) back to the Hall 2 entrance to exit the building. VIP Buyers will not have access to the full show and must always be accompanied while on the show floor.

## The Small Print :)

Only exhibitors who have signed up to participate will be eligible to open on Saturday. The rest of the exhibitors will be in varying stages of set up, and the show will continue with regular move-in tasks. Be aware that aisle carpets may not be installed, aisle seating will not be in place, and heavy equipment may still be in the aisles.
